To whom it may concern:

I am a producer for Three Point Three Ltd

I have worked with Phil Lewis and Julie Anderson of Secrets Of on many occasions, The Tournament Film (2007) and The Drought trailer (2009) in particular for which they provided Production Design and Art department services including - scenery/props/costume/art dept. services and additional personnel.

During all periods of engagement Phil and Julie have excelled in their commitment to each and every production and I can sincerely say they are honest / hard-working / dependable / professional / reliable / in their dealings with me.

I continue to use them on productions that require such services and recommend them to others.

Yours faithfully,

Alan Graves

Producer

MD – Three Point Three Ltd
